09.05-10.15 *Moral and developmental aspects of decision making, Chair: Oswald Huber*

09.05- 09.40 *The influence of perceived injustice on trust and risk propensity*
Tadeusz Tyszka and Anna Macko

09.40-10.15 *Kindergarten's economical decision making*
Thomasz Tzaleskiewicz and Ania Helka

10.15-10.40 *Coffee Break*

10.40-12.25 *Decision process models, Chair: Rob Ranyard*

10.40-11.50 *Decision processes, reasons and attractiveness: Strengths of reasons over time in an important real-life decision*
Marianne Jakobsson and Ola Svenson

11.50-12.25 *What if process tracing data and behavioral data are inconsistent?*
Anton Kühberger

12.25-14.15 *Lunch break*

14.15-15.45 *Risky decision models I, Chair: Joanna Sokolowska*

14.15-14.45 *Causal structure of positive and negative outcomes: Effect on search for RDOs*
Oswald Huber

14.45-15.15 *Spontaneous construction of the causal structures of alternatives*
Arlette Bär

15.15-15.45 *Risk management operators*
Odilo W. Huber

15.45 -16.15 *Coffee Break*

16.15-16.50 *Measurement models, Chair: Dan Zakay*

16.15-16.50 *Tracing Intuition: The internal validity of measures for intuitive and deliberate reasoning styles*
Pieter Koele

17.00-18.45 *Egproc meeting - Egproc's future*

19:30 *Dinner at Restaurant le Chasseur*
– a wonderful place to have the famous Fribourgeois moitié-moitié cheese fondue!

Saturday, April 25th

0.900-10.10 *Risky decision models II, Chair: Anton Kühberger*

09.00-09.35 Risk judgment and acceptance of unique and repeated events
Joanna Sokolowska and Barbara Kossakowska

09.35-10.10 Can prospect theory be generalized to non-monetary dimensions?
Dan Zakay and Dida Fleisig

10.10-10.40 *Coffee Break*

10.40-11.15 *Dual process theories, Chair: Pieter Koele*

10.40-11.15 Dual Process Theories: A Key for Understanding the Diversification Bias?
Christoph Kogler

11.15- 11.50 Automatic vs. reflexive valuation processes
Krzysztof Przybyszewski and Dorota Rutkowska

12.00-14.00 *Lunch break*

14.00-15.10 *Risky decision models III, Chair: Tadeusz Tyszka*

14.00-14.35 A think aloud study of dominance violation in a risky choice task
Andrea Taylor

14.35-15.10 Information search patterns in risk judgment and in risky choices across domains
Agata Michalaszek

15.10-15.40 *Coffee Break*

15.40-16.50 *Process measurement methods, Chair: Ola Svenson*

15.40-16.15 Flashlight - online eye-tracking
Michael Schulte-Mecklenbeck, Ryan O. Murphy and Florian Hutzler

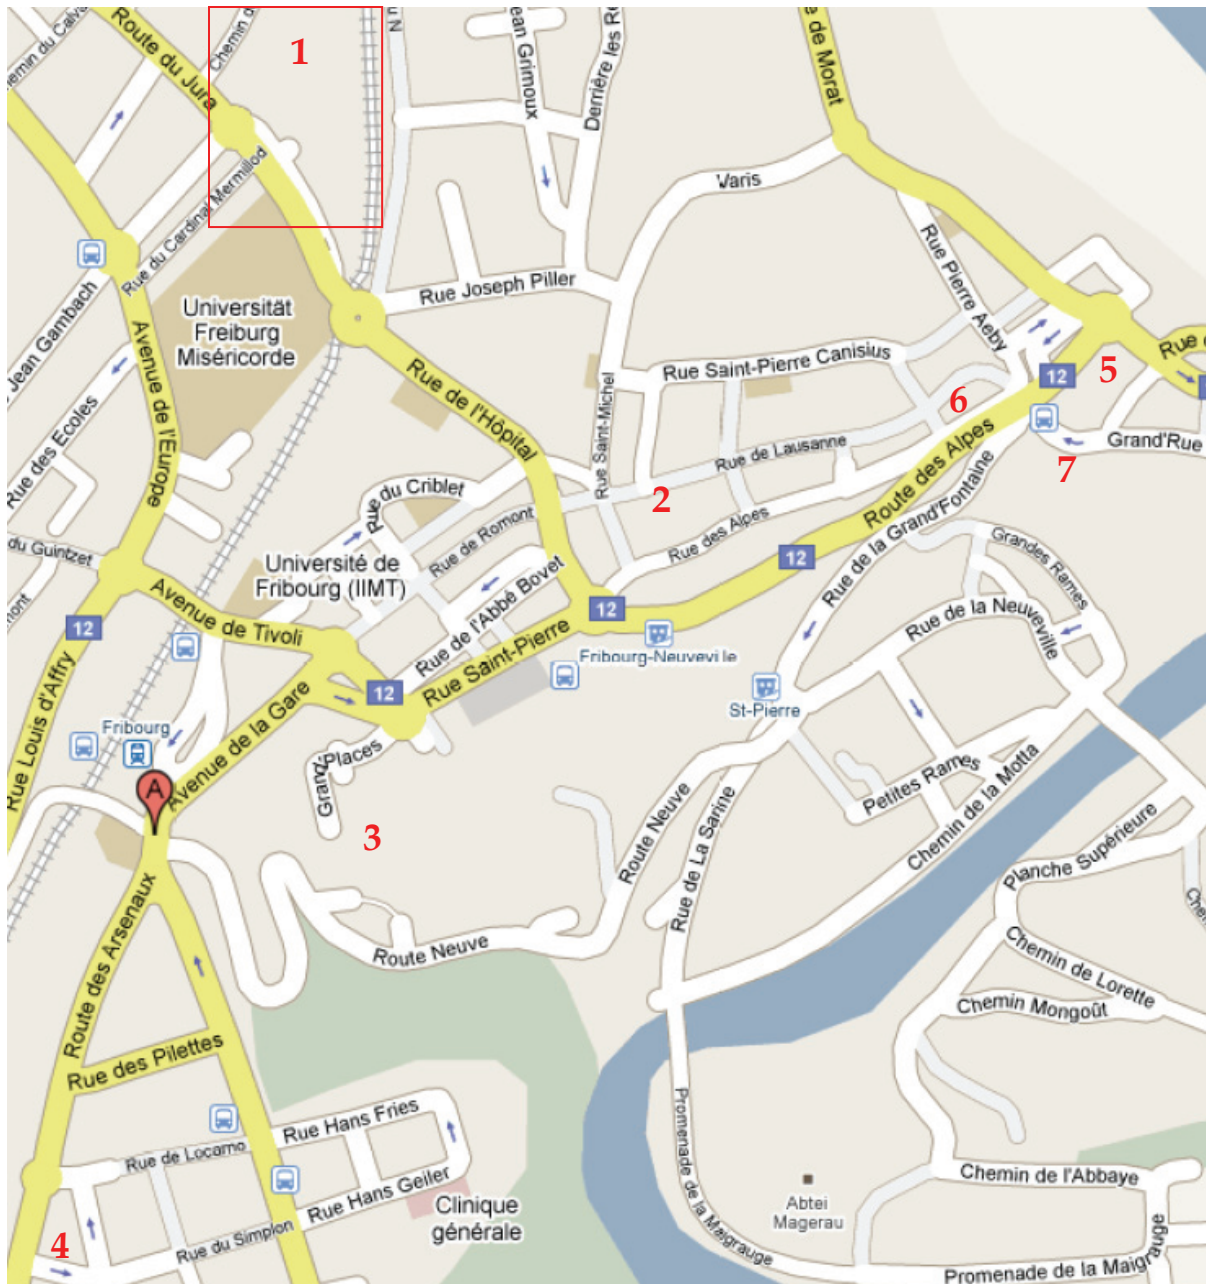

16.15-16.50 Structured versus unstructured self reports as process data
Rob Ranyard

18.30 *Conference Dinner at Restaurant Hôtel de Ville*

Sunday, April 26th

Sightseeing tour

Conference venue

- 6 *Restaurant le Chasseur*, rue de Lausanne 10
- 7 *Restaurant Hôtel de Ville*, Grand-Rue 6

Authors and abstracts

Authors are ordered alphabetically; joint papers are inserted according to the name of the first author

Arlette S. Bär

University of Fribourg

Arlette.baer@unifr.ch

Causal structure of positive and negative outcomes: Spontaneous construction of the mental representation

Odilo W. Huber

University of Fribourg

odilo.huber@unifr.ch

Risk management operators

Oswald Huber

University of Fribourg

oswald.huber@unifr.ch

Causal structure of positive and negative outcomes: Effect on search for RDOs

Marianne Jakobsson (1) and Ola Svenson (1,2)

(1) Risk, Social and Decision Research Analysis Unit, Department of Psychology, Stockholm University

(2) Decision Research, Eugene, Oregon

marianne.jakobsson@psychology.su.se ; osn@psychology.su.se

Decision processes, reasons and attractiveness: Strengths of reasons over time in an important real-life decision

Pieter Koele

Amsterdam University

P.Koele@uva.nl

Tracing Intuition: The internal validity of measures for intuitive and deliberate reasoning styles.

Christoph Kogler

University of Salzburg

christoph.kogler@sbg.ac.at

Dual Process Theories: A Key for Understanding the Diversification Bias?

Anton Kühberger
University of Salzburg
anton.kuehberger@sbg.ac.at

What if process tracing data and behavioral data are inconsistent?

Agata Michalaszek
Warsaw School of Social Psychology

Information search patterns in risk judgment and in risky choices across domains

Krzysztof Przybyszewski (1) and Dorota Rutkowska (2)
(1) Kozminski Business School, Warsaw (2) Warsaw University
crispy@wspiz.edu.pl

Automatic vs. reflexive valuation processes.

Rob Ranyard
University of Bolton
R.Ranyard@bolton.ac.uk

Structured versus unstructured self reports as process data

Michael Schulte-Mecklenbeck (1), Ryan O. Murphy (2) and Florian Hutzler (3)
(1) DICE Lab, Faculty of Psychology, University of Bergen, (2) University of Zürich,
(3) University of Salzburg
michael@schulte-mecklenbeck.com

Flashlight - online eye-tracking

Joanna Sokolowska and Barbara Kossakowska
Warsaw School of Social Psychology
joanna@psychpan.waw.pl

Risk judgment and acceptance of unique and repeated events

Andrea Taylor
University of Bolton
taylor.andrea@gmail.com

A think aloud study of dominance violation in a risky choice task

Tadeusz Tyszka and Anna Macko
Kozminski Business School, Warsaw
amacko@wspiz.edu.pl

The influence of perceived injustice on trust and risk propensity

Thomasz Tzaleskiewicz and Ania Helka
The Warsaw School of Social Sciences and Humanities
ahelka@swps.edu.pl; tzaleskiewicz@swps.edu.pl

Kindergarten's economical decision making

Dan Zakay and Dida Fleisig
Interdisciplinary Center (IDC) Herzliya
dzakay@post.tau.ac.il

Can prospect theory be generalized to non-monetary dimensions?
