

PROGRAM

Date	Time	Event
16/ Apr	9:30 AM	Registration
	10:00 AM	Pre-Conference Workshop "Mouse Tracking"
		Introduction
		History & theoretical background
	11:15 AM	Coffee break
	11:30 AM	Pre-Conference Workshop - part 2
		Technique & method
		Software & applications
	1:00 PM	Lunch break
	2:30 PM	Pre-Conference Workshop - part 3
		Experiment & hands-on exercise
		Questions & discussion
	4:30 PM	Registration
	5:00 PM	Welcome + Keynote: Professor Ralph Hertwig
	6:00 PM	Welcome Buffet
17/ Apr	9:00 AM	Session 1 - Probabilities and risk
		Personal experience of a small-probability event with severe consequences ...
		Anna Polec
	9:20 AM	Revisiting the Allingham & Sandmo-Model of tax evasion as a decision under risk ...
		Christoph Kogler
	9:40 AM	Decisions based on probabilities estimated from experience ...
		Kamil Fuławka
	10:00 AM	Coffee break
	10:15 AM	Session 2 - Processing and motivation
		Cognitive conflict in social dilemmas: An analysis of response dynamics
		Pascal J. Kieslich
	10:35 AM	How to make people more interested in information about probability?
		Agata Sobkow
	10:55 AM	Strategies in Mindreading - a process approach
		Thomas Scherndl
	11:15 AM	Coffee break
	11:35 AM	Session 3 – Mousetracing
		Analysis of consumer behaviour regarding the purchase of organic food products
		Sonja Perkovic
	11:55 AM	Investigation of the food choice process using hand movements in binge eating disorder
		Zoe van Dyck
	12:15 PM	Lunch break

Funded by

18/ Apr

2:00 PM Session 4 – Mousetracing

Dual processes in decision making: Minute-long mouse-tracking reveals conflicting processes

Eoin Travers

2:30 PM Information search in the sampling paradigm: A mouse tracing study

Dirk Wulff

2:50 PM Real world implementation of Newcomb's paradox using mouse-tracking techniques

Maryam Tabatabaeian

3:10 PM Coffee break

3:30 PM Session 5 - Mousetracing

From decision-outcomes to decision-making: Harvesting the dynamics of delay discounting decisions

Stefan Scherbaum

4:00 PM Thinking while doing: Investigating decision making dynamics

Avril Hand

4:20 PM Detecting different trajectory types in motor-tracing data

Jonas Haslbeck

4:40 PM Short break

4:45 PM Keynote: Professor Jon Freeman

7:00 PM Dinner

9:00 AM Session 6 – Theoretical contribution related to process tracing

The process behind magnitude priming in the non-numerical anchoring heuristic

Paweł Tomczak

9:20 AM Impulsive people have a compulsion for immediate gratification - certain or uncertain

Piotr Zielonka

9:40 AM Intransitivity or transitivity of preferences? Process and structural accounts

Rob Ranyard

10:00 AM Coffee break

10:15 AM Session 7 – Eye-tracking

Decision making styles and new product evaluation

Thorsten Teichert

10:35 AM The role of numeracy in processing simple lotteries: An eye-tracking study

Jakub Traczyk

10:55 AM Coffee break

11:10 AM Session 8 – Eye-tracking

Predicting (risky) choices from (open) samples: How much do process models gain from attention data?

Felix Henninger

11:30 AM Framing persuasive appeals over time: Can eye-tracking uncover the intratemporal consequences ...

Sean Nicolas Brueggemann

Funded by

11:50 AM	Watching diagnoses develop: Eye movements reveal symptom processing during diagnostic reasoning Agnes Scholz
12:20 PM	Lunch break
2:00 PM	Session 9 - Eye-tracking Eye movements reveal memory processes during similarity- and rule-based decision making Bettina von Helversen
2:30 PM	Individual differences in reward and loss processing – an fMRI and eye-tracking study Alexander Niklas Häusler
2:50 PM	Temporal dynamics of cheating: Arousal and attention analysis Susann Fiedler
3:10 PM	Coffee break
3:30 PM	Session 10 – Eye-tracking Areas of interest as a signal detection problem in behavioral eye-tracking research Jacob L. Orquin
4:00 PM	What is reported in eye-tracking research? - Developing transparency standards Frank Renkewitz
4:20 PM	A reanalysis of eye-tracking data on additivity neglect by varying AOI sizes Anine Riege
4:40 PM	Integration of Concepts Session & Future of EGPROC Discussion: Process Modelling & Tracing Feedback, Future of EGPROC
7:00 PM	Boat Tour + Dinner
